

York  
**Habitat**  
for Humanity®

# Volunteer your time with York Habitat for Humanity!

Volunteer opportunities are available for all students, 13 years old and up.

## Construction

*\*Due to Pennsylvania law, no students under the age of 16 may be on an active construction site. All students under the age of 18 must have parental supervision.*

Lend a hand to our professional construction staff, assisting in building homes for low-income families right here in York County. Volunteers should expect to do anything from home framing, hanging drywall, painting, to finishing touches.

## ReStore

*\*All students under the age of 16 must have parental supervision, unless the student can provide a valid work permit.*

Participate in our year-round fundraiser at the York Habitat ReStore, where the profits of selling our products is returned directly into our construction efforts. It's a great way to give back without having to lift a hammer!

All completed hours can be reported back on an official letter head if it's needed for other personal requirements.

**Questions? Please contact Mrs. Kasey Lofties at [kasey@yorkhabitat.org](mailto:kasey@yorkhabitat.org)**
