

Windsor Recreation Presents ***'Tee-Ballers Unite'***

Is your son or daughter considering trying tee-ball, softball or baseball this coming spring? Did your son or daughter play tee-ball last summer? Do you have a Pre-K, Kindergartener, 1st or 2nd grader who wants to get out of the house once a week and swing things someplace other than your living room?

Windsor Rec has a new program just for you!

Tee Ballers Unite! is designed to get our youngest players some extra instruction in a very relaxed atmosphere alongside players of their similar age and ability levels. This 8-week program will be run by Red Lion High School Coaches Kevin Lawrence, Tyler Taylor and Brandon White who will be assisted by Red Lion High School baseball players. Registration for the clinic will be limited to a maximum number of players to ensure that each player receives the maximum number of swings and as much personal attention as possible during the 1-hour period.

Just like our t-ball program, this is a co-ed clinic and will be both instructional and fun! As the weather gets cold and with the darkest days of winter still ahead, this is a great opportunity to get your kids out of the house and active each week.

As an exciting bonus, each player will receive a baseball autographed by Red Lion High School players as well as a pizza party with some of the players after one of the sessions.

Sessions begin on Monday, January 17, 2022 so register now. We only have 1 spot remaining! To register, go to: [Tee Ballers Unite!](#)
